It is anticipated that Examiners will review the findings they have already indicated would be reported and that have been shared with Commissioners along the way. Mr. Lasater reported that the two legislative bills (SB 23 and HB428) followed most closely by the Commission concerning License Law changes have passed their respective chambers and been reported out of committee by the other chamber and are in a position for final passage.

Commissioner Buford inquired about the timing on the posting of minutes. It was explained that staff does not post them until the following meeting when they are approved. Upon discussion and consideration it was the consensus of the Commission that staff not publish or post meeting Minutes until they had been officially approved.

The public hearing was opened for comments from anyone who wished to speak to proposed changes to Rules 790-X-1-.06, 790-X-1-.07, 790-X-1-.09, 790-X-1-.12, 790-X-1-.13, 790-X-1-.14, 790-X-1-.15, 790-X-1-.16, 790-X-1-.17, 790-X-1-.19, 790-X-1-.21, 790-X-2-.02, and 790-X-2-.03. Discussion regarding the history of designation courses for continuing education approval carried over from the February meeting was resumed. Commissioner Watts asked Assistant Executive Director Pat Anderson to provide Commissioners with an overview of the information compiled by staff and shared in Commissioner’s packets. Ms. Anderson discussed the chronology of rule changes on this matter from 1986 to 2004 and Commissioner rationale regarding each rule change along with a review of the other documents identifying existing designations, Commission approved courses, designation courses that have not been submitted for approval and a summary of a survey of other states. Clarification was provided regarding rule 790-X-1-.12(15) that allows for CE credit to be earned by Alabama licensees when courses are taken out of state as long as such courses are approved by another state. Clarification was also provided about Alabama’s approval process. Online capability for submission of course applications and upcoming expanded capability for instructor and school applications was outlined.
Chairman Hodges recognized Chip Watts, current President of the Alabama CCIM (Certified Commercial Investment Member) chapter, to speak to this issue of designation courses and more specifically the instructors of those courses and the process for approval. Mr. Watts introduced David Corey, current present of the Alabama IREM (Institute of Real Estate Management) chapter. Mr. Watts, having heard the previous discussion, stated the Alabama chapter would educate their members to obtain CE certificates when they attend courses out of state and provide those to the Alabama Commission in order to receive credit. Mr. Corey spoke briefly to assure Commissioners that all NAR (National Association of Realtors) courses and instructors are of the highest quality. Deputy Attorney General Charles Sowell addressed Commissioners to express concern if they are considering any kind of blanket approval for courses and/or instructors within a select group of providers. He cited two cases of disparate treatment and the courts rulings on those. Chairman Hodges asked Commissioners to give additional thought to all they had heard on this subject today and let Mr. Lasater know in advance if they desired further discussion at next month’s meeting. If so it should be made an agenda item.
