

SCHOOL APPLICATION INSTRUCTIONS

There are two types of schools in Alabama License Law:

- (1) Approved School – offers continuing education (CE) courses only.
- (2) Licensed School – offers prelicense and post license courses as well as CE courses.

Please follow the instructions given below for your type of school.

NOTE: Colleges and Universities will follow the instructions for the Approved School even if they plan to offer prelicense courses since licensure is not required.

Approved Schools

1. Submit an *Administrator Application*. If the person who will serve as the Administrator is already licensed, the current license number will be used on the application. If the individual does not hold an Alabama license, an ID number must be obtained.

The *Administrator Application* is found on the Commission's website in *Education Resources* under the *Professionals* heading.

The link to obtain an ID number is found in *ID Number Registration* under the *Professionals* heading.

Submit the *Administrator Application* by faxing it to 334-270-9118 or emailing it to Pam Oates at pam.oates@arec.alabama.gov.

The Administrator will receive an approval letter and email. Attached to the email will be an Administrator Manual with an exam. The exam must be successfully completed online before courses are offered.

2. Once you are notified that the *Administrator Application* has been approved, submit the School Application online, which is found in *Available Services* after the Administrator logs in with their email and password. There is no fee to become an Approved School.
3. You will receive a letter and an email with your approval number.
